Re: Reclamation Obligation, Blazon #1 Mine,  
INA/007/021

Dear Lynn:

Pursuant to our telephone discussions, this letter will set forth our understanding with regard to the plantings required to be made by North American Equities ("NAE") at the Blazon No. 1 Mine this month.

As you are aware, Earthfax Engineering ordered 825 serviceberry bushes from Lone Peak Nursery last spring for delivery and planting prior to May 15, 1990. Due to circumstances beyond NAE's control, the plants could not be delivered and you have agreed to allow NAE to substitute the following plants:

1. 400 golden current;
2. 400 snowberry; and
3. 100 serviceberry.

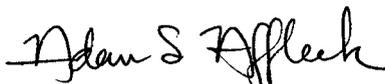

You have further agreed to allow NAE until May 20, 1990, to have these substituted plants watered in and planted.

We ask that you please indicate your written approval of this substituted performance and extension in the space provided below and send a copy of the signed letter back with our office runner for NAE's records.

If you have any questions regarding this matter, please call.

Sincerely

Adam S. Affleck
