(Comments are Numbered to Correspond with Topics Listed Above)

1. Permits -

- a. Blazon presently has a Cessation Order CF 91-39-1-2 for failure to abate violations N91-39-4-2, 1 and 2 of 2. This is concerning diversions and silt fence maintenance on July 5, 1991. The operator has declared insolvency and has been unresponsive to all notices by the Division in regards to the violations.
- b. The Division has forfeited the bond for the amount of \$38,000 on May 31, 1991.

4b. Diversions -

The deterioration of the diversion ditches has been increasing with no maintenance being provided. There is a failure to abate the Cessation Order on this issue.

4d. Other Sediment Control Measures -

North American Equities presently has a failure to abate Cessation Order on the silt fences. The silt fences have shown additional failures since my last inspection on the N.A.E. property.

16d. Roads (Maintenance) -

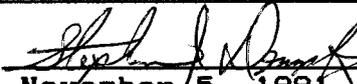

Prior inspections have reported the road was not passing performance standards. I was unable to determine the road status due to the snowfall on the ground.
