(Comments are Numbered to Correspond with Topics Listed Above)

1. PERMITS

North American Equities, NAE, has declared insolvency and is unresponsive to all notices and orders submitted by the Division. Bond in the amount of \$38,000 was forfeited on May 31, 1991. The Division is currently evaluating reclamation treatments in lieu of the bond amount forfeited. The Division has requested that OSM Operations and Technical Services assist in design criteria for final reclamation work.

The mine site is still inaccessible by vehicle. Approximately two feet of snow covers the road accessing the mine site.

No evidence of any activity in or around the site was apparent. Snow cover prevails and no snowmelt was occurring at the time of the inspection.

The status for Blazon remains the same as it has for the past several months.
