Dear Mr. Otani:

Re: Blazon Mine, ACT/007/021 Carbon County, Utah

For some time now when the Division of Oil, Gas and Mining staff have inspected the Blazon Mine site, Steve Tanner has appeared at these inspections and has communicated with Division staff. Steve has represented to the Division that he is your agent in these matters. While the Division appreciates Steve's help in this area, with respect to his knowledge of the Coal Regulatory Program and its implementation on the ground, the Division needs some clarification from you.

The Division is happy to work with Steve Tanner, but to do so the Division will need a written designation of him as your legal agent for this purpose. I would appreciate a letter from you designating him as your agent and if you wish him to sign documents on your behalf, he must have a power of attorney for this purpose.

While the Division would like to work with you in all ways, the Division cannot negotiate with Steve Tanner on your behalf without this letter. Thank you for your attention to this matter, please call me with any questions or concerns you have about this.

Sincerely,

Lowell P. Braxton
Associate Director, Mining
