RE: Blazon AMR/007/925/R & ACT/007/021 Site Ownership

On September 27, 1995 I reviewed the ownership records for the Blazon Mine site at the Carbon County Recorder's office. This is my second, but much more thorough review of these records.

The County Recorder's records on this tract of land are very clear and uncomplicated. My findings are the same as previously determined. They are as follows:
