Dear Mr. Smith:

Re: Castle Valley Spur  
ARCO Coal Company  
ACT/007/022  
Carbon County, Utah

This office has completed its review of the above-mentioned project. It is my understanding that the sedimentation ponds are existing at the site at the present time. This office does not have record of applications to construct the ponds, but because of the small size and low hazard to life or property, notification and permission is not necessary.

This letter will serve as approval from this office for the project.

Sincerely,

Dee C. Hansen  
State Engineer
