RE: Beaver Creek Coal Co.
C. V. Spur Loadout
ACT/007/022
Carbon County, Utah

Dear Mr. Crane:

Enclosed is a copy of Beaver Creek Coal Company's request to construct a lab/shop/warehouse facility at the C. V. Spur Loadout. The concept of the loadout was included in the C. V. Spur application for the permanent program submission. The Division has reviewed this new facility as a minor modification to the permit since a new location was selected which differed from that shown on maps in the original permit.

A response to OGM's review from Beaver Creek Coal Company is included along with the approval letter from the Division.

If you have any questions concerning this review, please contact me.

Sincerely,

SALLY KEFER
RECLAMATION HYDROLOGIST
