RE: Minor Modification
C.V. Spur Loadout Facility
ACT/007/022

Dear Allen,

Enclosed is a minor modification proposal by Anaconda Minerals to install a diesel holding tank at the C.V. Spur Preparation Plant and Loadout Facility. The installation of the tank did not meet the criteria of 788.12 for major revision. Therefore, the Division granted approval for the installation of this facility. This letter is also enclosed.

Sincerely,

A handwritten signature in cursive script that reads "Sally Kefer".
