Attn: Lynn Kunzler

RE: ACR Response, Beaver Creek Coal Company, C.V. Spur  
Preparation Plant, ACT/007/022, Carbon County, Utah

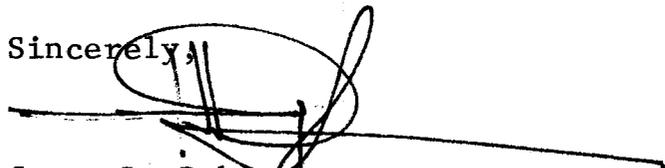

Dear Mr. Kunzler:

The staff of the Utah Preservation Officer has received for consideration your letter of May 17, 1983, transmitting a copy of the ACR Response for the Beaver Creek Coal Company.

After review of the material provided, our office believes that the information as outlined would satisfy the Office of Surface Mining requirements for reporting on cultural resources in the project area. There are sites mentioned, but apparently there are plans for mitigation outlined for the project.

Since no formal consultation request concerning eligibility, effect or mitigation as outlined by 36 CFR 800 was indicated by you, this letter represents consultation with the Utah State Historic Preservation Office for information concerning cultural resources only. If you have any questions or concerns, please contact me at 533-7039.

Sincerely,

  
James L. Dykman  
Cultural Resource Advisor
