Inspection Memo to
Coal File

RE: Beaver Creek Coal Company
Castle Valley Spur
ACT/007/022, Folder No. 7
Carbon County, Utah

A partial inspection was conducted at the above mentioned mine site by Barton Kale of the Division on October 20, 1983. The inspector was accompanied by Dan Guy of Beaver Creek Coal Company (BCCC).

No compliance problems were found at this time. The sediment ponds were at acceptable levels and not discharging.

The backside of the truck dump was discussed to be in need of reseeding to maintain stability. This area as well as any other hopefully will be hydro-mulched this fall.

FIELD SPECIALIST
