Inspection Memo
to Coal File:

RE: Beaver Creek Coal Company
Cattle Valley Spur
ACT/007/022, Folder #7
Carbon County, Utah

A partial inspection of the above mentioned mine site was conducted on April 17, 1984. The inspector was accompanied by Dan Guy of the Beaver Creek Coal Company.

The plant is still down at this time and will remain as such until clean coal contracts are obtained. The thickner will remain in the holding tank until it has evaporated enough to be released and contained in the thickner pond.

There were no problems noted during the inspection.
