Dear Mr. Smith:

Enclosed are 8 copies of the Beaver Creek Coal Co. response to your 5/31/89 Initial Completeness Review for the C.V. Spur Permit Renewal.

Also enclosed is a checklist to facilitate location of the responses. All pages and Plates are numbered and should either replace corresponding numbers in the plan or be inserted at the designated page location.

Items 1 and 2 under UMC 782.13(e) are in the process of being updated, and will be provided to the Division by June 30, 1989. Beaver Creek will also provide a copy of the newspaper advertisement to the Division within four weeks of the last date of publication, as required.

If you have any questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy  
Mgr. Permitting/Compliance
