Re: Request for Permit Description Change
Mountain Coal Co.
C.V. Spur Permit
ACT/007/022
Carbon County, Utah

Dear Ms. Littig:

This letter is to request the addition of the C.V. Spur Pipeline and River Pump description to the Permit Approval Document for the Castle Valley Spur Coal Processing and Loadout Facility.

The pipeline and river pump descriptions are included in Chapter 4 (Section 4.3.4, Items 4 & 5), and are shown on Plates 1-1 and 4-1 in the permit. It was noted recently, however, that these items were not included in the description on the actual permit approval. The proposed addition area is also included in the bond calculations in Chapter 3 (Section 3.5.7.3).

I have included a proposed insert with the descriptions for the first page of the currently approved permit, for your consideration. I see no other place in the permit that a change needs to be made.

If you have and questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy,
