Ms. Kathleen G. Welt
Environmental Supervisor
Mountain Coal Company
P.O. Box 591
Somerset, Colorado 81434

Dear Ms. Welt:

Re: Permit Renewals, Mountain Coal Company, C.V. Spur Coal Processing and Loadout Facility, ACT/007/022, Gordon Creek #2, #7 and #8 Mine, ACT/007/016, Mountain Coal Company, Carbon County, Utah

Permit renewal applications are due for the C.V. Spur Coal Processing and Loadout Facility and the Gordon Creek #2, #7 and #8 Mine, by April 7, 1994 and April 28, 1994, respectively. Pursuant to R645-303-232 and the Coal Regulatory Directive for Permit Renewals, effective January 12, 1994, these applications must include at a minimum: 1) Evidence that a liability insurance policy is provided for the proposed period of renewal, 2) Evidence that the performance bond is in effect and will continue in full force and effect for the renewal requested, and c) A copy of the proposed newspaper notice and proof of publication of the renewal as required by R645-300-121.100.

Upon receipt of your application for permit renewal, the Division will make a finding regarding the completeness and accuracy of the application for renewal, and will provide you with a copy of the finding.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script that reads "Pamela Grubaugh-Littig".

Pamela Grubaugh-Littig
Permit Supervisor
