Re: Revised Reclamation Maps, Mountain Coal Company, Gordon Creek #2, #7, & #8 Mines, ACT/007/016-98B, Folder #2, Carbon County, Utah

Dear Ms. Beville:

The referenced amendment addressing the revised reclamation maps has been reviewed by Dave Darby, Senior Reclamation Specialist for the Division. The amendment can be approved by addressing the following deficiencies:

- The applicant needs to incorporate information regarding the 48 inch culvert located in the Right fork of Bryner Canyon.
- The as-built designs for the channels, plate 7-9, should include cross-sections of the channels at various locations to ensure sizing capabilities and riprap depth.

Your response by June 19, 1998 is appreciated. If you have any questions please call Dave Darby.

Sincerely,

A handwritten signature in cursive script that reads "Joseph C. Helfrich".

Joseph C. Helfrich
