Re: **Proposed Amendment**  
**Cross-over Conveyor &**  
**Motor Control Center**  
**Savage Coal Terminal**  
**ACT/007/022** *AM001D*  
**Carbon County, Utah**

Dear Ms. Littig:

**Savage Industries, Inc. in herein submitting 3 copies of a proposed amendment to the Savage Coal Terminal M.R.P. This proposal is to construct a new cross-over conveyor and motor control center (MCC) at the location shown on enclosed Plate 3-2.**

**The cross-over conveyor will be a 48" covered conveyor running approximately 405' from the existing plant feed conveyor, across the road and rail loop to the existing main stockpile area. This conveyor will replace the existing by-pass conveyor and bin which was constructed in 1996; therefore, this system is primarily a replacement rather than an addition.**

**The proposed MCC will be a skid-mounted steel building approximately 14'W x 24'L x 10'H, and will sit on a concrete pad. This system will replace existing electrical components presently operating within the preparation plant. The intent is to move the controls from the plant to allow for probable removal of the plant at a later date.**

**The proposed location is within the disturbed area; therefore, no topsoil will be removed. The addition will also not require any change to the drainage system on site. A minor amount of excavation will be necessary to pour the required concrete footings for the structure. This addition is expected to have no effect on air quality, since this system is a replacement for the existing system. The conveyor will also be covered and transfer points will be enclosed to protect air quality.**

*A bond estimate for reclamation of this system has also been completed (See Appendix 3-2). The estimate shows the expected reclamation cost to be approximately \$6,513.76. The present bond for the facility is \$2,525,000.00 and includes a 10% contingency of \$252,500.00. The present proposal reclamation cost will reduce the bond contingency to \$245,986.24; therefore, there should be no need to increase the bond on the facility to cover this amendment.*

*Required permit change forms are enclosed. All maps and pages are numbered, and should replace corresponding items or be added, as designated.*

*If you have any questions, or need any further information, please let me know.*

*Sincerely,*

A handwritten signature in cursive script, appearing to read "Dan W. Guy".

# APPLICATION FOR PERMIT PROCESSING

Permit Change  New Permit  Renewal  Transfer  Exploration  Bond Release

Permit Number: ACT 1007/022

Title of Proposal: CROSS-OVER CONVEYOR / MOTOR CONTROL CENTER

Mine: SAVAGE COAL TERMINAL

Permittee: SAVAGE INDUSTRIES

Description, include reason for application and timing required to implement:

Replace existing by-pass Conveyor and Electrical Controls in Plant.

**Instructions:** If you answer yes to any of the first 8 questions (gray), submit the application to the Salt Lake Office. Otherwise, you may submit it to your reclamation
