Dan,

I have some questions and missing paramters regarding the 4th quarter 2004 monitoring @ Savage.

Why do you report depth instead of flow at CV-15-W? Are the numbers that are in the database actually gpm?

You are missing the chloride value at CV-1-W's 10/22 sample, the oil and grease and total alkalinity for CV-15-W's 10/22 sample, and the depth (or flow?) for CV-15-W's 11/12 sample.

Please let me know if you have questions.

Thanks,  
Dana
