Dan,

Thank you for responding so quickly, especially at this time.

I have entered the information for Savage from the pipeline into the permanent database. A report is attached.

It seems like you have included all required samples and parameters for the second quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana,

Per our phone conversation, I am sending the following information for the missing samples:

CV-15-W for April - Checked on 4/24/06 @ 1:30 P.M. - No Flow

CV-15-W for May - Checked on 5/24/06 @ 1:45 P.M. - No Flow

CV-14-W for 2nd Qtr. - Checked on 6/30/06 @ 1:35 P.M. - No Flow

I'm sorry for the mix-up. I hope this will be O.K.

Thank You!

Dan
