Subject: Conditional Approval of Proposed Replacement Well, Savage Services Corporation, Savage Coal Terminal, C/007/0022, Task ID #4077

Dear Mr. Neilsen:

The above-referenced amendment is conditionally approved. Final approval of the amendment will be granted when the following conditions have been met:

- 1) Update the tense/references in Section 731-212 of the MRP and page 5 of the PHC to reflect the installation of monitoring well S-3-GW (i.e. from "proposed" to "installed").
- 2) Provide 4 clean copies of the amendment prepared for incorporation.

As the MRP revisions outlined in Condition 1 are minor, the Division is not requiring that they be submitted in redline strike-out format. Once the aforementioned conditions have been met, final approval will be granted and you will be able to proceed with your plans. Please re-submit the amendment by May 18, 2012.

If you have any questions, please call me at (801) 538-5350 or April Abate at (801) 538-5214.

Sincerely,

Steve Christensen
