Re: Wildcat Loadout, T87-02-006-014

Dear Dr. Nielson:

The Albuquerque Field Office, Office of Surface Mining Reclamation and Enforcement (OSMRE), has reviewed Utah's Division of Oil, Gas and Mining's (DOGM) response to Ten-Day Notice 87-02-006-014.

The Division's response to violation 1 of 1 is appropriate. Because the operator repaired the diversion and DOGM field-verified the work's adequacy on October 29, 1987, the violation no longer exists.

In summary, DOGM's response to violation 1 of 1 is appropriate. Please address any questions concerning this determination to Steve Rathbun, Supervisory Reclamation Specialist, at (505) 766-1486.

Sincerely,

Robert H. Hagen, Director
Albuquerque Field Office
