Also, Andalex has come to a basic understanding with the Utah Division of Wildlife Resources and the BLM that we will proceed with additional wildlife enhancement consisting of seed drilling on roughly 15 acres of undesirable habitat in the Wildcat vicinity. Seeding will occur during the fall months.

Please contact me if any questions arise on the above.

Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michael W. Glasson".

Michael W. Glasson
