Attn.: Pam Littig

Dear Ms. Littig:

Andalex Resources requests that a Division Biologist review and approve our revegetation reference area for our Wildcat Loadout Facility. We will meet the representative at Wildcat at the Division's convenience if necessary.

Andalex has chosen a reference area in the sagebrush/grassland community and has staked the reference area. We would appreciate the Division's comments and recommendations on this area. The reference area is shown on the enclosed plate.

If further information is needed, please feel free to contact our office.

Thank you.

Sincerely,

Michael W. Glasson  
Senior Geologist
