RE: Sediment Pond Inspection Amendment, Andalex Resources, Inc., Wildcat Loadout, PRO/007/033-87A, Folder #2, Carbon County, Utah

Synopsis

The Division issued a conditional approval on October 15, 1987 to change the pond inspection frequency from monthly to quarterly frequency. The Division required erosion protection, at the ditch-culvert inlet transition area, for the sediment pond inlets.

Analysis

During the June 17, 1988 inspection all pond inlets had adequate erosion protection provided at the ditch-pond inlet transition areas.

Recommendations

The Division should grant final approval on the amendment.
