RE: January 19-20, 1988 Field Report

On Tuesday morning, Bill Malencik and I visited the Wildcat Loadout. We talked with Michael Glasson about some of the questions I had in regard to the permit.

For the balance of the day, I reviewed the Wildcat permit in the Price office. Later that evening, I returned to the Wildcat/Gordon Creek vicinity to assess big game distribution and numbers.

On Wednesday, Harold Sandbeck and I performed partial inspections of the Deer Creek and Wilberg mines and a complete inspection of the Des-Bee-Dove mine.
