RE: Soils and Wildlife Permit Stipulations, Andalex Resources, Inc., Wildcat Loadout, ACT/007/033, Folder #2, Carbon County, Utah

The operator addressed soils stipulations UMC 817.22-(1)-(HS), UMC 817.23-(1)-(HS), and UMC 817.48-(1)-(HS) with replacement pages 79-80, Appendix D addendum, and pages 141-142. The response appears to require additional detail, although Soils Specialist, Henry Sauer, should make that determination. Henry has assumed the lead role in development of test plot and topsoil management strategies, and is the technical expert on discussions and subsequent agreements in those areas, as well as in the area of acid- and toxic-forming materials.

Stipulation UMC 817.97-(1)-(BAS) was satisfied by the commitment on replacement page 146 in connection with previously submitted Appendix E addendum.
