RE: Permitting Status, Andalex Resources, Inc., Wildcat Loadout Facility, PRO/007/033, Folder #2, Carbon County, Utah

A Final Decision Document, including the Technical Analysis, is being prepared for the Wildcat Loadout Facility. A bond for \$813,795.00 was posted on March 1, 1989.

Final permit approval is contingent upon the applicant publishing a correct legal description for the permit area. The applicant has agreed to begin publishing the correct legal description on, or about, March 7, 1989. Accordingly, permit approval may be achieved following the 30 day comment period, on, or about, May 6, 1989.

Between March 7 and May 6, 1989, the technical staff, in cooperation with the applicant, intends to resolve and eliminate several stipulations.
