re: N91-34-1-1; ACT 007/033

Dear Ms. Littig:

Pursuant to the abatement outlined in the above referenced NOV, enclosed are two copies each of the Wildcat Loadout refuse pile certification. You will note that the certification was conducted the same day as the inspection which resulted in the NOV. Also enclosed are two each replacement pages for your copies of the PAP which reflect the commitment to quarterly certifications pursuant to R614-301-514.230. I would also like to note that quarterly inspections of the pile had been conducted, they simply were not certified.

Please call with any questions or comments.

Sincerely,

Michael W. Glasson
Senior Geologist
