Re: C007/033 Wildcat Rewrite Extension Request

Dear Ms. Littig:

ANDALEX Resources, Inc. is in the process of responding to the Division's requests for clarification on the Wildcat Loadout's rewrite task. Due to the rather unusual emergency circumstances at the Centennial Project with respect to Gob Gas Ventilation Drilling and its associated permitting requirements, the Wildcat Rewrite task was not finished according to schedule.

Therefore, ANDALEX respectfully requests that the deadline for the rewrite submittal be extended until June 30, 2005.

If you have any questions, or need additional information, please let me know.

Sincerely,

Michael W. Glasson
Environmental Coordinator
