Subject: DO-2031

Hello Mike,

This email summarizes our telephone conversation today in which we discussed the Division Order (DO_2031) dated December 9, 2004.

1. The time frame to reply to DO_2031 is 60 days from date of receipt or approximately February 14.
2. If you would like to combine the response to DO_2031 and the imminent application for additional stockpile area, please note that in a request for an extension of time to respond to DO_2031.
3. If you combine the response to DO_2031 and the stockpile application, please ensure that the response information pertinent to DO_2031 is clearly marked in the application or identified in a cover letter. That will simplify our review.
4. Please note that the requirements of DO_2031 apply to the entire operation, not just the expansion area.

Please feel free to discuss items in the Division Order and/or to work out solutions with me or other staff members before your response is written.

Thank you,

Priscilla Burton
