Hello reviewers:

The review of the Wildcat expansion and significant revision, Task 2822, is due on Friday, August 17. While you are writing your review, please keep in mind that your findings should indicate whether or not the significant revision addresses the requirements of the Division Order as well as all the other applicable requirements of the Rules. To refresh your memory, a copy of the Division Order has been added to the WG2822 task folder. FYI, the Division Order was last reviewed as task 2808. If you have questions, please call me at 435-613-1146 x207.

Thanks,  
Priscilla.
