West Ridge Mine C/007/041
Crandall Canyon Mine C/015/032
Tower Mine (Centennial) C/007/019
Wildcat Loadout C/007/033

Dear Mr. Haddock:

Enclosed are copies of replacement pages for "COMMITMENTS AND CONDITIONS" from the 2007 Annual Reports for the referenced operations. The check boxes for these pages was inadvertently left unchecked, as we recently discussed. Please note the following points of explanation:

1) For Wildcat Loadout, Soils R645-301-200, "Use of a Vacuuming System to Pick Up Wind-Blown Coal Fines at the Minesite"-----The Division has determined that it does not want the fines vacuumed up. Instead, we have committed to remove the fine with heavy equipment as proposed in the 2008 Expansion Plan/Response to Division Order DO-04. This response is presently under review by the Division.

2) For the West Ridge Mine, Soils R645-301-200, "Experimental Practice Field Trials"-----This commitment was not met in 2007 due to company oversight. It should be noted that this commitment has been satisfied for the 2008 year.

3) For the West Ridge Mine, Soils R645-301-200, "Soil Sampling of Fill at T1, T2, T3"-----This commitment was not met in 2007 due to company oversight. It should be noted that this commitment has been satisfied for the 2008 year.

4) For the West Ridge Mine, Biology R645-301-300, "Mexican Spotted Owl Survey"-----This survey is no longer required. After this commitment was made the Division of Wildlife

Resources determined that, based on newer USFW protocol, none of the area within the West Ridge Mine permit area was suitable habitat for Mexican Spotted Owl. This issue was formally addressed with the Division in Appendix 3-9 (incorporated Feb. 15, 2002) and Appendix 3-9A (incorporated April 15, 2005).

I apologize for not having checked the boxes during the original submittal. It was a time of transition with the new company take-over, with everyone assuming new responsibilities. It was an oversight that will not be repeated for the 2008 annual reports. If you have questions or comments please contact me at (435) 888-4017.

Sincerely,

A handwritten signature in black ink, appearing to read "David Shaver". The signature is fluid and cursive, with a large initial "D" and a long, sweeping tail.

COMMITMENTS AND CONDITIONS

The Permittee is responsible for ensuring annual technical commitments in the MRP and conditions accepted with the permit are completed throughout the year. The Division has identified these commitments below and has provided space for you to report what you have done during the past year for each commitment. If the particular section is blank, no commitment has been identified and no response is required for this report. If a written response is required, it should be filed under Appendix B to this report.
