Dave,
Your lucky day!! All of your confidential has been submitted and filed correctly.

The pages 4-2 and 4-3 that were incorrectly submitted in 2005 to the MRP-CB have been pulled, marked, and placed in a sleeve in that same binder. This is just to keep our records straight.

You have no deficiencies concerning the confidential documents.

Keep up the good work by separating the confidential from the public information and clearly marking your confidential portions of the submittals. This helps our staff know what parts of your submittals are confidential and where to correctly file them.

Cheers,
Jerriann
