Hi Denise,

It looks like most everything got sorted out with the Wildcat Ownership and Control information and this information is now entered into AVS. Linda mentioned that AVS now shows two 100% owners of Andalex Resources Management - this is an issue that will eventually need to be addressed. But, in the meantime, I would like to get the updated information distributed for insertion into the Mining and Reclamation Plan - will you please forward me the updated ownership information, as well as a C1 and C2 form so that I can distribute this information properly.

Thanks Denise!

Linda, attached are the Secretary Certificates you requested for Andalex Resources Management Inc and Andalex Resources, Inc and the updated information that was submitted to the State of Utah on June 15, 2010. Also enclosed is a better version of the family tree which shows more clearly that Andalex Resources Inc owns 100% of Andalex Resources Management, Inc. Thanks again for your assistance. Denise
