OGMCOAL - Wildcat Inspection of 8/31/2010

From: Pete Hess
To: dshaver@coalsource.com
Date: 8/30/2010 4:10 PM
Subject: Wildcat Inspection of 8/31/2010

Dave...

Based on our inspection this morning, and after discussing the area where the fines were reclaimed with others, the Division would like you to proceed with the discing and seeding of the fines area. It is difficult to say when the permit transfer will be finalized, and we feel the area should receive attention to stabilize it now, in anticipation of fall rains / snow.

If you have any questions, call.

Thank you.
