South Jordan, Utah 84095

Subject: Conditional Approval of Permit Transfer, Wildcat Loadout, C/007/0033, Task ID #3730

Dear Mr. Hewlett:

The public comment period for Intermountain Power Agency's application for transfer of the Wildcat Loadout permit ended on March 31, 2011, with no comments received by the Division. The information submitted to the Division to date meets the Application Requirements of R645-303-320; however, final approval of the Permit Transfer may not be made until Intermountain Power Agency submits a performance bond or other guarantee, or obtains the bond coverage of Andalex Resources for the Wildcat Loadout permit (R645-303-342). Once we receive the bond required under R645-301-800, final approval will be granted for the Permit Transfer.

Please also note that Intermountain Power Agency must immediately provide notice to the Division of the consummation of the permit transfer. Thank you for your efforts, we look forward to working with you as the new operator of the Wildcat Loadout facility. If you have any questions, please call me at (801) 538-5325 or Kevin Lundmark at (801) 538-5352.

Sincerely,

Daron Haddock
Permit Supervisor
