Hi Jeff, as you are probably aware, America West Resources is the operator of the Wildcat Loadout for Intermountain Power Agency. IPA notified the Utah Division of Water Quality (DWQ) of a change in ownership and permit transfer to IPA in a letter dated June 17, 2011 for permit No. UTG-0400007. As per a request from Pete Hess of the UDOGM Field Office, could I please get a copy of this permit for our records as well as DMR's for reporting of the discharges of the permitted ponds.

If you have any questions or comments, please feel free to contact me.

Thank you,

John C. (Kit) Pappas
