Amanda, Daron, Steve...

All 8 of the frac tanks which were being stored within the railroad right-of-way (as observed on March 11) have been removed from the permit area, per Kit Pappas voice mail left at 11:36 AM on 3/18/2013.

Tom Paluso is still working on the permitting documents (due date 3/27/2013).

Thank you.
