Hi Kit,

Given the recent departure of Lance Lee and all that you have going on with Emery, a 30 day extension will be fine.

Regards,
Steve

To: ogmcoal@utah.gov

Daron & Steve,

With regards to the above referenced Task ID for the Wildcat Loadout Mid-term Review Deficiencies Responses, we would like to request a 30 day extension on the December 15, 2016 deadline, as IPA is requesting Wild West to help with their submittal, and we just received the deficiencies and technical review from them on 11-29-2016.

Thank you in advance for any consideration given concerning this extension.

Please feel free to contact me if you have any questions or comments.

Thanks again,

Kit
