Fwd: Kinney No. 2 and Wildcat

Steve Christensen <stevechristensen@utah.gov> Thu, Jan 24, 2019 at 11:11 AM
To: OGMCOAL DNR <ogmcoal@utah.gov>

Please place this e-mail in the "INCOMING" for both Wildcat and Kinney.

Good morning Larry,

I just wanted to follow up and see if you managed to get the Kinney application and Wildcat MRP to the Courthouse in Price. If you need any help getting all those files on a DVD/CD, please don't hesistate to contact Suzanne.

Regards,

Steve

Good morning,

We got a call from a Carbon County resident regarding the permit renewal application for Wildcat. He had indicated that the courthouse had moved and that he couldn't find a copy of the Wildcat permit application.

If you've placed a copy of the Wildcat permit and Kinney permit application package at the new Courthouse, disregard this e-mail. If not, we need to fix that as soon as possible.

The new courthouse is located on 751 E, 100 N, Price, UT. Unfortunately, we didn't catch that fact with the Kinney public notice. The public notice for Kinney No. 2 states the recorders office is on 120 East Main Street. We're not going to re-start the publication period, but we do need to make sure a copy of the aforementioned projects are in the courthouse as advertised.

Apparently, the recorders office at the new court house charges to house materials. As a fix to that, we're allowing operators to provide copies of their applications via CD/DVD to the Country Recorders office.

To that end, please feel free to contact Suzanne Steab. She'll be able to help you download the Wildcat MRP and Kinney application into format that can be placed on a CD or DVD that can then go to the new courthouse.

Clear as mud? If you have questions, please feel free to contact either myself or Suzanne.

Steve
