Mr. Ron Daniels
Coordinator of Mined Land Development
Division of Oil, Gas & Mining
1588 West North Temple
Salt Lake City, Utah 84116

Dear Ron:

Enclosed are three copies of the "Operating Plan for Banning Siding" to be added to the present Mining and Reclamation Plan for our mine. Also, I wanted to inform you that all revegetation and landscaping work planned for the mine and loadout will not be started until mid-fall of 1979. If there are any questions concerning the submittal, please contact me. I appreciate the Division's cooperation and help in working with us.

Sincerely,

Carl Pollastro
Chief Mining Engineer
