Re: Perimeter Markers
Banning Loadout
PRO/007/034

Dear Susan:

The perimeter markers at Banning Loadout will be red reflectors attached to the fence posts and/or steel pins securely set into the ground. The enclosed map illustrates the location of the perimeter marker, permit area, at the loadout. We will maintain this as our interim permit area until permit approval and construction at the site brings us into compliance with the Division's regulatory program.

I hope this action eliminates some confusion at the site and helps in future dealing between Soldier Creek Coal Company and the Utah Division of Oil, Gas and Mining.

If you have any questions, please contact me.

Sincerely,

SOLDIER CREEK COAL COMPANY
