RE: Determination of Completeness, Soldier Creek Coal Company, Banning Loadout, ACT/007/034, Folder #2, Carbon County, Utah

Summary

Soldier Creek Coal Company's January 4, 1988 Banning Loadout Mining and Reclamation Plan was reviewed for completeness and technical adequacy with regard to Legal/Financial and Miscellaneous compliance. The following deficiencies were found:

UMC 782.13(c) Identification of Interests - SCL

If Savage Coal Service Corporation is a business entity other than a single proprietor, the application must contain the names of its officers, principals and resident agent.

UMC 782.15 Right-of-Entry and Operation Information - SCL

A copy of the easement with Kaiser Coal Corporation was not included in Exhibit 5, as referenced.

UMC 782.21 Newspaper Advertisement and Proof of Publication - SCL

Page 1-50 must be corrected to read, "Any written comments, objections or requests for informal conferences on the application may be submitted to Soldier Creek Coal Company and the following regulatory agencies" prior to publication.

UMC 784.17 Protection of Public Parks and Historic Places - SCL

This rule is not addressed in Section 9.2, as referenced, but rather in Section 2.1.

UMC 784.26 Air Pollution Control Plan - SCL

The applicant will need to acquire a new Air Quality Approval Order prior to upgrading capacity to 6,000 tons/hour or installing any new facilities for crushing, screening or production of lump or stoker coal.
