Dear Mr. Allen:

Re: Determination of Completeness, Soldier Creek Coal Company,
Banning Loadout, ACT/007/034, Folder #2, Carbon County, Utah

The Division has reviewed information received from Soldier Creek Coal Company on July 15, 1988, in response to the Division's Initial Completeness Review (ICR) of May 3, 1988. As of July 27, 1988, the Division has determined the Banning Loadout Mining and Reclamation Plan (MRP) to be apparently complete.

At this time the applicant should publish a Notice of Complete Permit Application as required by UMC 786.11(a). A copy of the publication should be sent to the Division as soon as it is available. The Division will notify all other interested agencies and allow for their comment prior to making a final decision to approve or disapprove the application. During the public comment period the Division will finalize a Technical Review of the MRP and put together a draft Technical Analysis.

Please feel free to contact me if you have any questions.

Sincerely,

Susan C. Linner
