DIVISION OF
OIL, GAS & MINING

Dear Daron:

Enclosed are nine (9) copies of the approved permit amendments for the Banning Loadout. With this submittal, I have included another above ground storage tank. This 6400 gallon tank will contain a deicing agent and its use will be identical to the approved 8500 gallon storage tank. A material safety data sheet is also enclosed for your review.

Thank you for your cooperation and please contact us if you should have any questions.

Sincerely,

SOLDIER CREEK COAL COMPANY
