Mr. James W. Carter, Director
Division of Oil, Gas and Mining
3 Triad Center, Suite 350
355 West North Temple
Salt Lake City, Utah 84180-1203

Dear Mr. Carter:

The Soldier Creek Coal Company and its parent company Sagepoint Coal Company were sold to Coastal States Energy Company. The Division of Oil, Gas and Mining (DOGM) approved the sale on September 14, 1993, and the Albuquerque Field Office (AFO) believes the transaction occurred on September 15, 1993. AFO has determined that there are two situations needing DOGM's attention regarding this transfer of ownership and control.

Applicant Violator System (AVS) Information. Sagepoint Coal Company has not been severed from its original parent company's Organizational Family Tree (OFT) (see enclosed AVS screens). This relationship needs to be ended and the immediate upline Coastal Company needs to be added. Utah Resources Corporation needs to be removed from Soldier Creek's OFT.

Banning Siding Renewal. Soldier Creek Coal Company's permit was renewed on November 16, 1993, effective October 25, 1993. The system was queried August 31, 1993, for a system recommendation and the August recommendation was used for the November renewal. At that time, Soldier Creek's OFT still connected it to Elk River Resources rather than Coastal States; thus, this is an invalid system query. DOGM needs to reissue this permit renewal after an appropriate AVS investigation. Currently, Coastal States is negotiating with the AVS office (AVSO) on numerous violations and forfeitures, and the system may indicate it is blocked. Please contact the AVSO to determine how the permit should be conditioned prior to permit issuance.

If you have any questions regarding this information, please contact Donna Griffin or me at 505-766-1486.

Sincerely,

Bernard R. Freeman
