Could Jolene Mermis in St. Louis possibly do this? I understand that she gets the information...and then disperses it to Larry Emerson and ???....

Yesterday, Vicky sent me an AVS list for 9/12/03...and said that there are continually updates...but Larry has only updated to 8/14??

This needs to be resolved prior to Banning permit renewal (10/24/).

Linda Keene has gone over and above to get this right with Vicky...she sent her the info, etc.... Thanks.
