Subject: Arch Coal Inc

Dear Pam and Angela,

Vicky got back with me. Apparently the fax you sent me dragged a page and I missed some of the information. She e-mailed me the information then answered my question and now Arch Coal Inc is good to go. I did suggest to her that she include me in sending out company structure updates. She would continue to operate as always with the states, but just add me to her company structure update list.

If I can be of any more assistance just let me know.

Sincerely,

Linda
