RIGHT-OF-WAY ABANDONMENT

On July 22, 1998 right-of-way(ROW) UTU-49763 was assigned to Canyon Fuel Company, LLC, pursuant to Title V of the Federal Land Policy and Management Act of October 21, 1976, as amended through September 1999, (90 Stat. 2776; 43 U.S.C. 1761), for a coal load-out, crushing and storage facility, which will expire December 31, 2014. The legal description of this site is:

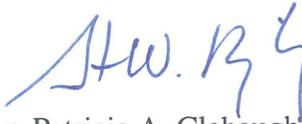

T. 15 S., R. 12 E., Salt Lake Meridian, Carbon County, Utah
Section 15: W $\frac{1}{2}$ SW $\frac{1}{4}$.

Regulations at 43 CFR 2807.17 states "your failure to use your ROW for its authorized purpose for any continuous five-year period creates a presumption of abandonment. The Bureau of Land Management (BLM) will notify you in writing of this presumption. You may rebut the presumption of abandonment by proving that you used the ROW or that your failure to use the ROW was due to circumstances beyond your control, such as acts of God, war, or casualties not attributable to you".

This letter is to notify you that the BLM, Price Field Office presumes that you have abandoned the above mentioned ROW known as the Banning Load-out. You have 30 days from receipt of this letter to rebut this assumption. If you have not used the ROW in the last 5 years for the purpose it was intended, you will need to contact the BLM and the Division of Oil, Gas and Mining to discuss reclamation of this site.

If you have any questions, please contact Connie Leschin, Realty Specialist, at the above address, by e-mail cleschin@blm.gov, or by phone (435)636-3610.

Sincerely,

for Patricia A. Clabaugh
Field Manager
