Re: Sunnyside Cogeneration Associates: Application for Transfer  
of Permit Rights (Pro/007/065) #2

Dear Pam:

Attached to this letter please find seven copies of Sunnyside Cogeneration Associates' "Application for Approval of Transfer, Assignment or Sale of Permit Rights (Partial assignment of ACT/007/007)." Also enclosed herewith is the required five dollar application fee.

As is set forth in the Transfer Application itself, earlier this year Sunnyside Coal Company ("SCC") submitted an APPLICATION FOR PERMIT AMENDMENT dated May 15, 1992 in which SCC requested that Permit ACT/007/007 be amended to allow for the contemplated alternative disposal of the coal mine waste. Sunnyside Cogeneration Associates' Transfer Application presumes approval of Sunnyside Cogeneration Associates' contemplated use of the coal mine waste as set forth in SCC's Application for Permit Amendment. As you know, Sunnyside Cogeneration Associates is excited about this alternative energy project -- we think it will be a great thing for Utah and the environment. We look forward to hearing from DOGM regarding SCC's Application for Permit Amendment.

We will also look forward to hearing from you regarding the Transfer Application and to working with DOGM to resolve any problems or concerns that may exist. We would also like to set up a meeting with you within the next week or two to discuss the proposed bond

amount. You will note that figure 8-1 of the Transfer Application currently has no amounts filled in for the proposed reclamation. We would like to meet with you to discuss those amounts and arrive at an appropriate amount. We will look forward to hearing from you regarding such meeting.

Pam, both our firm and Eckhoff, Watson & Preator have greatly appreciated the courtesy and cooperation you have shown to us during the preparation of this permit. Eckhoff, Watson & Preator put a great deal of time and effort into the Transfer Application, and we all appreciate your willingness to answer questions and your help in enabling us to submit a good product. Please call either of us if you have any questions or concerns. We will look forward to hearing from you.

Sincerely yours,

CALLISTER, DUNCAN & NEBEKER
