notice of violation

Under authority of the Utah Coal Mining and Reclamation Act, Section 40-10-1 et seq., *Utah Code Annotated*, 1953, the undersigned authorized representative of the Division of Oil, Gas & Mining has conducted an inspection of above mine on above date and has found violation(s) of the act, regulations or required permit condition(s) listed in attachment(s). This notice constitutes a separate Notice of Violation for each violation listed.

You must abate each of these violations within the designated abatement time. You are responsible for doing all work in a safe and workmanlike manner.

The undersigned representative finds that **cessation of mining is** **is not** expressly or in practical effect required by this notice. For this purpose, "mining" means extracting coal from the earth or a waste pile, and transporting it within or from the mine site.

This notice shall remain in effect until it expires as provided on reverse side of this form, or is modified, terminated or vacated by written notice of an authorized representative of the director of the Division of Oil, Gas & Mining. Time for abatement may be extended by authorized representative for good cause, if a request is made within a reasonable time before the end of abatement period.

NOTICE OF VIOLATION NO. N 93-13-2-1

Violation No. 1 of 1

Nature of violation

Failure to comply with the terms and conditions of the permit issued.
Failure to provide a complete and concise plan of facilities and structures
used in common. Failure to provide complete and adequately detailed information
to be included in the plan at a minimum under R645-301 and R645-302.

Provisions of act, regulations or permit violated

R645-300-133.700, R645-300-143, R645-301-117.300, R645-301-150

Portion of operation to which notice applies

This notice applies to the format and the content of the plan in regard to
the resource and design information required to adequately demonstrate compliance
with the permanent program design and performance standards for mining and
reclamation operations. This notice specifically does not prohibit conducting
surface mining and reclamation operations in those areas where the performance
standards required under the program are being met.

Remedial action required (including any interim steps)

Step 1: On or before 5:00 p.m., December 8, 1993, the permittee shall submit a
detailed schedule to address the Findings dated November 15, 1993 as incorporated
herein by reference. The schedule shall be reviewed and revised if necessary
by the Division and shall include interim steps as required to ensure
diligence in abatement of this notice and to allow a reasonable period of time
for submittal, review and modification of information proposed to abate this notice.

Abatement time (including interim steps)

Step 2: Provide complete and adequate information to be incorporated into the
approved plan on or before 5:00 p.m., January 15, 1994.
